

Say hello to pain free stomal appliance removal

B. Braun's Adhesive Remover is silicone based, helping to remove ostomy devices and wound dressings from the skin without pain.

ADVANTAGES*:

- Does not sting on application
- Alcohol and odour free
- Canister can be used in any position and stored horizontally without leakage
- No waste, with bag on valve design - can be used until completely empty
- Eco-friendly & recyclable
- Black dot assists with aiming remover spray to desired location
